

## Q & A

### Special Program for Receiving Bonus OLX

1. Who is eligible for the Special Program for receiving bonus OneLink Coin (OLX), why should you own OLX, and where does the value come from?

*Qualified Participants are OneLife Network members (hereinafter referred to as Participants). We understand and appreciate all the hard work and dedication of OneLife members focused on our VISION and MISSION: “Cryptocurrency – Future of Payments”. Therefore, the purpose of this project is to thank the members who have been loyal Participants and to give them the opportunity to join the project early by registering their OneAcademy packages to join the Program.*

*OneLink Coin (OLX) is built on a decentralized Blockchain platform. The allocated amount is 21 billion OLX (this quantity will be unchaned). OLX are awarded through ownership of OneSchool educational course packages, which are updated regularly through cooperation with prestigious educational institutions across the globe. The packages are priced reasonably, tailored to members’ financial status. The number of OLX rewarded corresponding to the educational package will decrease over time, beginning with the first set of rewards. The value of OLX will be seen in their usability on the blockchain network, as tokens are distributed throughout the developing Social Ecosystem of the project.*

2. Does the Company allow Participants to convert their OneCoin numbers to corresponding OLX?

*No. As a token of our appreciation and for providing Participants to recover part of their initial investment, this program only focuses on the initial value of OneAcademy packages.*

3. How many accounts are each Participant allowed to register?

*Any Participant can register for multiple OneAcademy packages. However, the total number of OLX received per Participant will not exceed 24,375 OLX per 1 KYC, which is equivalent to the number of OLX within a PowerPack package. OLX will only be sent only to one wallet per Participant.*

*For example:*

- *Participants have 3 OneAcademy packages with a total value of: 6,500 BV (500 + 1,000 + 5,000). In accordance with program policy, Participants will receive 3,250 OLX in one wallet.*
- *If a Participant registers with an Ultimate or Supreme package, the fee is equivalent to a PowerPack package and the number of OLX received is only*

24,375 OLX. And in this case, the Participant does not have the right to register another package.

4. Is a DealShaker Rookie Merchant account allowed to register?

*The target of the Program only applies to OneAcademy packages, so DealShaker Rookie Merchant accounts cannot register for this Program.*

5. Are Participants allowed to access and study the company's OneSchool educational courses?
